

Q4 financial summary

Revenue is ahead of plan by 6 percent, mainly from weekend trade.

Key points:

- Revenue for September was 118,000 pounds against a plan of 111,000.
- Waste fell from 7 percent to 5 percent of bakery output.
- Labour cost rose 2 points because of the new weekend shifts.

Tasks:

- Review the weekend shift cost
- Share the waste figures with the shop managers

Decision: Keep the weekend shift pattern until the next review.
